Name of Mare: _____ Mare Owner: _____

Mare Year of Birth: _____ Address: _____

Sire of Mare: _____

Dame of Mare: _____

Bred to in 2003: _____ Stallion Location (state) _____

The above information is required on all mares. All blanks must be completed. Requirements: Cultures will be required for all mares returning for a third heat, and for all subsequent covers. This Breeding Shed form must accompany the mare each time she is presented for breeding.

Please check the appropriate box

1. DOMESTIC MAIDEN MARES (mares not previously bred). No CEM testing required. All maiden mares must be jumped before first trip to breeding shed. All maiden mares must be accompanied by a negative aerobic uterine culture on first trip to breeding shed.

2. DOMESTIC FOALING MARES NEVER CLASSIFIED AS MEDIUM OR HIGH RISK. No CEM testing required. **NO EXCEPTIONS.**

3. BARREN MARES NEVER CLASSIFIED AS MEDIUM OR HIGH RISK. No CEM testing required. All Barren mares must be accompanied by a negative aerobic uterine culture on first trip to breeding shed. **NO EXCEPTIONS.**

4. IMPORTED MARES. All horses of foreign origin must comply with the 2002 USDA and Kentucky Department of Agriculture regulations. **A copy of the Quarantine Release must accompany Imported Foaling, Barren and Maiden mares shipped in under CEM quarantine on their first trip to the breeding shed.** Contact the State Veterinarian's Office in Frankfort, KY regarding testing procedures and acquisition of quarantine releases for the 2004 breeding season.

CEM and EVA Requirements: Old Frankfort Stud will comply with the 2004 regulations set forth by the USDA and Kentucky Department of Agriculture pertaining to CEM and EVA. Note: First three (3) mares bred following a mare imported as a maiden must a a CF test drawn 15-40 days post breeding.

DATES CULTURED: _____ NEGATIVE BLOOD DATE: _____

5. FOALING OR BARREN MARES IMPORTED FROM COUNTRY PREVIOUSLY UNDER CEM QUARANTINE. Contact the State Veterinarian's Office (502/564-3956) for required procedures. A copy of the quarantine release must accompany mare on first trip to breeding shed. Mare must also have negative CF blood test.

NEGATIVE BLOOD DATE: _____

6. ALL IMPORTED MARES (excluding Canada) NOT PREVIOUSLY BRED IN KENTUCKY. Must have two (2) sets of negative CEM cultures prior to being bred in 2004. Mare must also have negative CF blood test.

DATES CULTURED: _____ NEGATIVE BLOOD DATE: _____

All Old Frankfort Stud stallions have been vaccinated for Equine Viral Arteritis (EVA) with the Fort Dodge vaccine. No EVA testing of mares is required. We will adhere to the Kentucky Department of Agriculture current regulations regarding EVA.
